WATER LOSS )

O R D E R

On December 20, 1985, the Commission issued its Order in Case No. 9290, wherein it granted Lake Village Water Association, Inc., ("Lake Village") an increase in rates and approved Lake Village's proposal to be included in the Water Loss Demonstration Project ("Demonstration"). A temporary surcharge of 94 cents per bill was granted by the Commission for the purpose of funding the Demonstration.

The Commission's Order of December 20, 1985, ordered that the surcharge be listed as a separate line item on each customer's bill.

On January 9, 1986, the Commission received a Motion from Lake Village seeking temporary relief from the requirement that

the surcharge imposed be listed as a separate line item on each customer's bill.

In its Motion Lake Village stated that there is no line item space available under its present billing structure to include the surcharge. Lake Village further stated that it is reviewing its present billing procedure so that arrangements can be made to show the surcharge as a separate line item. Lake Village has requested temporary relief for a period of 6 months in which to implement the Commission's requirement.

The Commission, after consideration of the evidence of record and being advised, is of the opinion and finds that:

1. Lake Village should be granted relief from the requirement that the surcharge imposed be listed as a separate line item on each customer's bill for a period not to exceed 6 months from the date of this Order.

IT IS THEREFORE ORDERED that:

1. Lake Village's Motion requesting temporary relief from listing its surcharge as a separate line item be and it hereby is approved for a period not to exceed 6 months from the date of this Order.

Done at Frankfort, Kentucky, this 30th day of January, 1986.
